FLEXENTIAL®

Flexential stands for something not often found in the world of IT transformation: the human touch. The best healthcare IT solutions aren't about infrastructure, they're about people. We've built trusted relationships with more than 400 healthcare companies and provide them with tailored, value-added and reliable solutions that demonstrate the power of people in a technical world.

Industry and regulatory compliance expertise

In healthcare, adherence to regulations and industry standards is a requirement for doing business. We have a dedicated IT compliance team on staff to partner with you so you meet all of your HIPAA and HITRUST requirements. Plus, you can leverage audit-ready facilities and compliant cloud infrastructure to ensure the security and availability of your applications and patient data – and help meet your company's unique IT needs.

Certifications: PCI DSS COMPLIANT · HIPAA · SSAE-18 · ISO 27001 CERTIFIED by schellman · SOC³ SysTrust for Service Organizations · HITRUST CSF Certified

About Flexential
Flexential offers flexible and essential services that help organizations optimize their journey of IT transformation while simultaneously balancing cost, scalability, compliance and security. The company, co-headquartered in Charlotte and Denver, is committed to building trusted relationships and delivering tailored solutions that suit the individual needs of its customers. Flexential is deeply invested in the success of its customers, who trust it to deliver core data center solutions of colocation and connectivity, as well as, cloud, managed solutions and professional services. Flexential's robust suite of assets spans 21 markets and comprises 40 highly redundant and connectivity-rich data centers. For more information on Flexential, please go to www.flexential.com
