Atlanta - Norcross Data Center

Flexential offers nearly 40,000 square feet of premium colocation space and rich connectivity at our Atlanta - Norcross data center, with an additional 40,000 square feet of planned expansion to accommodate your future growth needs.

Our Atlanta - Norcross data center features a cloud node on-site as well as premium connectivity to support your IT transformation journey and deliver low latency and high capacity for your mission-critical applications. The data center is connected to our industry-leading 100 gigabit network backbone, scalable to 400 Gbps, and offers Layer 2 access to 80 on-net carriers. We also proactively provide Layer 3 and Layer 4 distributed denial of service protection.

Additionally, our Atlanta - Norcross data center is compliant with several standards including PCI DSS to provide a compliant-ready environment for your infrastructure and help protect your organization.
