

LIMITED TIME OFFER

Upgrade your infrastructure

Premium colocation with **zero upfront costs**

Accelerate your growth with enterprise-grade colocation, now easier to activate than ever. For a limited time, the Flexential premium colocation package lets you deploy in a secure, highly connected data center with no setup fees, giving you instant access to reliability, performance, and scale.

Expand faster. Operate smarter. Spend less.

Unlock the infrastructure you need to reach new markets quickly while keeping budgets under control. This offer includes:

- ✓ **\$0 upfront setup fees**, so you can deploy immediately without financial friction
- ✓ Up to **2 lockable cabinets** in secure, compliance-ready environments
- ✓ Up to **2 redundant 5kW circuits** delivering consistent, reliable power
- ✓ 1 hour per month of **Remote Hands** support
- ✓ A **Flexential Fabric Port** for on-demand access to interconnection services, including IP Bandwidth**
- ✓ Availability in most **Flexential data center markets nationwide**
- ✓ 50% off select **Cloud and Data Protection** products to strengthen your hybrid strategy
